CHARGED WITH RECEIVING STOLEN GOODS.

A warrant has been issued against Fred Webber, a native Syrian, charging him with receiving and buying stolen goods. Webber will be given a hearing this morning before Police Justice Woods.

SENT ON TO THE GRAND JURY.

The Decision of Judge Wood in the Case of E. C. Watts.

The case of E. C. Watts, charged with attempted assault on Amanda Pate, a 10-year-old white girl, was called yesterday morning at 11 o'clock before Police Justice Wood in the hustings court room.

Chief of Police Dyer was the first witness examined. He gave expert testimony as to how long it would take men to walk at an ordinary pace any certain or given distance, and said he thought it would take about four minutes to go from the Day building to Terry's pond. At the conclusion of Chief Dyer's testimony, Commonwealth's Attorney Lyle announced that he would close the case in behalf of the commonwealth.

In rebuttal, the defense put S. Hamilton Graves on the stand, and he testified that he and Mr. Scott walked from the Terry pond, through Woodland Park, and down to a grocery store, this side of Brick row. It took ten minutes to walk the entire distance.

E. C. Watts sworn, said: Mr. Keeley ought to have known that he was connected with the german club, and he showed the court checks that have been given Keeley, about three or four years ago, countersigned by himself, as secretary of the club.

Miss Nannie Watts testified that her brother arrived at home on Thursday evening of last week about a quarter past seven o'clock.

Several negligee shirts, with blue stripes, were exhibited, and Miss Watts stated that her brother could not have worn one of them on that day, as was formerly stated, because they were in wash, and were the only shirts of that description that he possessed.

After the conclusion of the testimony of Miss Watts, Commonwealth's Attorney Lyle made a brief speech, in which he asked that the prisoner be sent on to the grand jury.

Messrs. Scott and Watts, for the defense, made lengthy speeches in the afternoon, and the argument was concluded a little past 6 o'clock by Commonwealth's Attorney Lyle, after which Police Justice Wood briefly summed up the evidence and sent the accused on to the grand jury. On account of the lateness of the hour and the absence of Judge Woods, of the hustings court, counsel for defendant made a motion for a rehearing of the case until 9 o'clock this morning in order that they might give the required bond.

Commonwealth's Attorney objected on the grounds that under those circumstances the bond would be no good, after which Mr. Scott, one of the bondsmen for Watts, asked that he be appointed a special officer, and he would deliver the prisoner at the courthouse this morning at 9 o'clock, after which court adjourned.

JEWISH NEW YEAR.

The Jewish new year commences at sunset on Monday next. The Jewish new year is a celebration of the "blowing of trumpets." It is a solemn occasion with the Jews. The new year begins the ten days of penitence, which is ended by the Day of Atonement, or Yom Kippur. Four days then intervene, and on the evening of the 21st, the eve of the Feast of the Tabernacle, which falls on the 22nd. Then on the 29th of September comes the eighth day of Solemn Assembly, which ends the fall holiday.

GONE TO TEXAS.

Glenn Smith, Charles M. Kidd, J. E. Buckley, M. J. Fowler, Harry Powell, J. H. Best, F. L. Bell, Bud Adams and Lee Hench, representing Magic City Lodge No. 182, B. of L. E., will leave to-morrow for Galveston, Tex., to attend the biennial convention of the Brotherhood of Locomotive Firemen, which will convene in that city on September 14. The party will visit several places of interest in the South before they go to Galveston.

ALLEGHANY INSTITUTE.

Alleghany Institute begins its eleventh session next Wednesday, September 9. The outlook indicates a most prosperous session. Boys have entered from Texas, Alabama, South Carolina, Maryland, West Virginia and Virginia. The building is being thoroughly renovated and everything put in first-class condition for the opening. Some changes have been made in the different courses of study in accordance with prevailing modern methods, and it is believed more telling work will be done than ever before along all lines.

This institution aims to promote the all-round development of its students—to arouse ambition, to inculcate a principle of manliness, and to develop a genuine courtesy and gentlemanliness. The students that Alleghany has turned out have done well at other institutions, which indicates the best work done. I. Allen Kirk, one of Alleghany's students, some time ago in a competitive examination for West Point, came out second, although there were twenty-five other competitors. G. A. Wingfield has a scholarship admitting him to Washington and Lee University, and David Persinger, another student of Alleghany, won the approbation of the faculty of the University of Virginia by reason of his solid work. Others have done equally as well at other institutions.

The Alleghany bus will leave St. John's Church at 8:30 a. m. as heretofore, for the accommodation of the smaller boys. It is believed that the people of Roanoke could not do better for their boys than to send them to this successful school, if they wish them to receive the best educational advantages.
